MONTAGEANLEITUNG für Spiegelschrank GRAZ ( AM-RUE-800-07, AM-RUP-800-00 ) mit LED Leuchte - MM-ELE-321-00

- Technische Daten:
- Spannung 220-240V~50HZ
- Maximale Leistung: max 4W
- Schutzart: IP 44
- Lichtfarbe: Kaltweiß

#### NUTZUNGSBEDINGUNGEN UND SICHERE MONTAGE

Die Leuchte, der Spiegelschrank sind nur für den Einsatz im Innenbereich geeignet. Die Leuchte kann nicht im Bad in den Zonen 0, 1, und 2 (Abb. A) installiert werden.

Der elektrische Anschluss darf nur von einer autorisierten Elektrofachkraft, unter Beachtung der geltenden Vorschriften, v.a. auch der Vorschrift VDE 0100, Teil 701, vorgenommen werden.

Bei Nichtbeachtung erlöschen unsere Gewährleistungs- und Haftungsverpflichtungen. Bei falscher Montage kann zudem Lebensgefahr bestehen.

Vor Beginn der Arbeiten, den Spiegelschrank vom Netz trennen (Sicherung). Elektroanschluß (auf der Spiegelschrankrückseite):

Anschlussleitung des Spiegelschrank muss in einer Wandanschlußdose angeschlossen werden.

Die Mantelisolierung des Anschlusskabels muss bis in die Dose hineinreichen. Die Anschlußleitung darf nicht gequetscht werden. Nach der Wandmontage unbedingt festen Sitz des Schrankes prüfen.

Montieren Sie die LED Leuchte auf dem Spiegelschrank mit den mitgelieferten Schrauben wie in den Abbildungen auf Seite 8 beschrieben. Verkabeln Sie die Drähte wie auf Seite 8 beschrieben.

Schutzfolie nach der Montage vorsichtig abziehen.

#### PFLEGE, REINIGUNG:

Oberflächen nur mit einem feuchten Tuch reinigen, evtl. milden Allzweckreiniger verwenden.

Keine scheuernden oder lösungsmittelhaltigen Reinigungsmittel oder scheuernden Schwämme benutzen.

Kristallglasspiegel nur mit einem weichen Tuch reinigen.

Hartnäckigen Schmutz mit klarem Wasser und ausgewrungenem Leder beseitigen.

Bitte die Spiegel niemals mit chemischen Reinigungsmittel putzen.

Gewährleistung: Für unsere Erzeugnisse gewähren wir ab dem Verkaufstag eine Gewährleistung von 2 Jahren.

Ausgeschlossen von dieser Gewährleistung sind Schäden durch nicht fachgerechte Montage, unsachgemäße Behandlung, sowie Verschleißteile wie Lampen, Starter, Driver. Die Lackrückstände auf den nicht sichtbaren Kanten resultieren aus dem Abschluss des Lackgessverfahren und sind kein Qualitätsmangel bzw. Reklamationsgrund.

Bei Reparaturen bitte nur Originalteile verwenden. Elektoreparaturen nur nach Rücksprache vom Elektrofachmann ausführen lassen, keine Änderungen am Erzeugnis vornehmen!

Ansonsten müssen wir jede Haftung ablehnen, der Gewährleistungsanspruch geht verloren. Unser Kundendienst hilft Ihnen bei Problemen. Astor Kundendienst Email: [reklamation@astor.info.pl](mailto:reklamation@astor.info.pl)
